Your Ultimate Digital Score Tracker for Padel!

Padel is even more fun when you don't have to remember your score!

Learn more about our super cool product to keep you on top of your Padel game, we got you covered. Nothing worse than worrying about your score when having fun on the court, we will take care of it for you, nice and easy, with our **On Point Score Tracker Solution**.

Padel has become an incredibly popular sport in South Africa in the last 2 to 3 years, so many love to play the game. The conversations that always came up was, whats the score, do you remember the last score, how many games have we played.....I thought you were keeping score.

We envision a world where players of all levels can enjoy a seamless, uninterrupted padel experience. Our products are designed to be your perfect game companion, ensuring you stay focused, competitive, and always on point.

Your Club gets to decide how to utilise your kits, either based on rentals, promotions or general marketing.

There is a monthly rental agreement of R500.00 per kit. This will include replacing anything on your kit, if there is a problem.

Supply batteries as a reduced price (available on request) and make sure your units are functioning well to give your club the edge.

Join us on our mission to transform padel, with **On Point**, every game is a step closer to perfection. Stay sharp, stay competitive, and always stay On Point.
